1. I can

I can

I think this is it.

This is all I can have.
Can have your friendship,
can have your smile,
can hear your voice,
can hug you to say bye.

I think this is it,
this is all I can't have.
Can't have your love,
can't have your heart,
can't kiss your lips,
can't hold your hand.

I think this is it.
This is what I will do.
Will enjoy your smile,
will talk with you many times,
will be a friend,
will dream of you at night.

Yes, we can be friends,
but my love for you never ends.
