## No, Siriusly.

The Marauders were sitting in the common room, when a blonde girl went over.

„Hey you.” She stared at Padfoot. „Are you Sirius?” „Yes, I am Sirius,” he grinned. „No, seriously. Are you seriously Sirius?” „I am seriously Sirius. Are *you* serious?” "No, I'm not, you are!" "No, I mean serious, like ... *serious*?!" "Seriously!"

Prongs, Moony and Wormy followed the conversation quite confused. "Pad! Seriously, stop being serious!" Prongs shouted. "I'm not serious!" "But you told me you were Sirius, a few minutes ago!", the girl said, a little nervous because this whole dialogue was so confusing.

"Oh my gosh, how could I *not* be Sirius?! Seriously, every girl at this friggin' school knows that I am Sirius Black!" "*Seriously*?! A Black?! Didn't know that, seriously.
